The Town is going w/ a new payroll company, ADP. They say they cannot do 26 pays for the 10 month and 11 month people. GMEA declined to agree. It is in our contract.

The town is saying they do not think its legal. Harold spoke to our attorney, who spoke to the state Labor Board, and according to the state, if it's in our contract it is to be honored.

ADP wants everyone to be paid on the same day. No more staggered pay days.
